

Next week in the Life of a Second Grader

Next Week's Skills

Reading Skill: Compare and Contrast

Grammar: Verbs

Phonics: oa/ow

Math: Double Digit Addition

Science: Air and Weather

E Learning Day

On November 14 our entire school will have a practice e learning day. Students will come to school like normal, but I will post all of their assignments for the day online, and they will complete them and submit them to me online. This practice helps them know what to expect on an actual snow day when we are out of school. On that day students may also wear their pajamas. Those who finish posted work early in the day will get to attend a movie in the afternoon.

To prepare for possible snow days, I am also going to start assigning some technology practice for homework. This week students will be using Seesaw and Storia

Important Dates

Nov 7 - Picture Retakes

Nov 10 - Veteran's Day program

Nov 22- 24- Thanksgiving Break

Parent Survey

We would love some parent input about the school. If you would like to help us out, please copy and paste this link into your browser to take a survey. <http://asainstitute.org/survey>.

Once you get to that website the parent code is PKKLCN. It is a pretty short survey, and it helps our school a lot.

Muffins with Mom

I'm sending home a flier today that has information about Muffins for Mom. Throughout the year we want to have more opportunities for parents/grandparents/guardians to come in and celebrate with us. Muffins with Mom is going to be the first of these events.

If you would like to attend please fill out the bottom form of the flier and send it back in. That way we can plan out how many muffins we will need.

Weekly Specials

Monday -Library

Tuesday -PE

wednesday - Music

Thursday - PE

Friday - Art
